

COMMERCIAL & INSTITUTIONAL LINE CARD

Building Mechanical Systems for Commercial, Healthcare & Campus

Domestic booster, cooling tower, and HVAC pumps, fire pump packages, valves, and controls integration for office buildings, hospitals, schools, and campus facilities, backed by stocked inventory, factory-trained field technicians, and engineered skid systems built start to finish. Serving Northern Virginia, Maryland, Delaware, and North Carolina since 1981.

- ✓ Domestic Booster Systems
- ✓ Valves & Actuation
- ✓ Cooling Tower & HVAC Pumps
- ✓ Controls Integration
- ✓ Fire Pump Packages
- ✓ Service & Repair

SWaM CERTIFIED

BUILT FOR EVERYONE WHO RUNS THE BUILDING

Facility & Building Engineers

Or-equal fire pump and booster packages matched to your drawings, plus in-house fabrication when a standard package doesn't fit.

Mechanical Contractors

Engineered, integrated, and supported start to finish: design, fabrication, controls integration, startup.

Facility & Property Managers

One regional partner since 1981 for building-critical systems. SWaM Certified.

Fast Field Support

Local Inventory

Or-Equal Packages

Since 1981

REPRESENTED LINES

EQUIPMENT FOR OFFICE, HEALTHCARE, CAMPUS & INSTITUTIONAL BUILDINGS

PUMPS: BUILDING

Domestic water, HVAC & building systems

GRUNDFOS

EBARA

ENGINEERED SKID SYSTEMS

Booster Systems (domestic water) ·
Cooling Tower Pumps (condenser water) ·
Chilled Water Skids (HVAC), designed,
fabricated & commissioned by ESP

FIRE PROTECTION

Fire & jockey pumps, diesel & electric
drivers, skid mounted & custom
packages

VALVES & ACTUATION

Mechanical, electric, pneumatic & water-
actuated

INSTRUMENTATION

Pressure, temperature & flow monitoring

MECHANICAL SEALS

Reliability & leak prevention

MOTORS & CONTROLS

Motors, drives & controls

FACILITY & BUILDING ENGINEERS

- Complete or-equal fire pump and booster packages matched to your drawings
- In-house fabrication of adapters, transitions & mounting fit-up

MECHANICAL CONTRACTORS

- Engineered, integrated & supported start to finish: design, fabrication, controls integration, startup/commissioning
- Substitution guarantee available on qualified bids

FACILITY & PROPERTY MANAGERS

- Service, repair & system optimization, fast turnaround on building-critical systems
- One regional partner since 1981

We start with how your system actually operates, then match the equipment to it.

Easy to Work With. Focused on Your Success.

SERVING VIRGINIA, MARYLAND, DELAWARE AND NORTH CAROLINA SINCE 1981
