

MUNICIPAL & GOVERNMENT LINE CARD

Fluid Handling for Water & Wastewater Authorities & Public Agencies

Pumps, blowers, valves, and instrumentation for treatment plants, lift stations, and public facilities, backed by stocked inventory, factory-trained field technicians, and engineered or-equal packages matched to your project drawings. Serving Northern Virginia, Maryland, Delaware, and North Carolina since 1981.

- ✓ **Pumps & Lift Stations**
- ✓ **Aeration Blowers**
- ✓ **Valves & Actuation**
- ✓ **Instrumentation**
- ✓ **Mechanical Seals**
- ✓ **Service & Repair**

SWaM CERTIFIED

BUILT FOR EVERYONE WHO TOUCHES THE PLANT

Maintenance & Operations

Stocked inventory and factory-trained field technicians, so a down pump or blower doesn't stay down.

Plant & Facility Engineers

Or-equal packages matched to your drawings, plus in-house fabrication when a standard product doesn't fit.

Plant Managers & Superintendents

One regional partner since 1981 across pumps, blowers, valves, and instrumentation. SWaM Certified.

**Fast Field
Support**

**Local
Inventory**

**Or-Equal
Packages**

**Since
1981**

REPRESENTED LINES

EQUIPMENT FOR TREATMENT PLANTS & PUBLIC FACILITIES

PUMPS: WATER & WASTEWATER

Water, wastewater & chemical metering

BLOWERS & AERATION

Aeration, process air & related packages

VALVES & ACTUATION

Mechanical, electric, pneumatic & water-actuated

INSTRUMENTATION

Flow, level & pressure instrumentation

MECHANICAL SEALS

Reliability & leak prevention

MIXING

Chemical mixing & flocculation

MOTORS & CONTROLS

Motors, drives & controls

MAINTENANCE & OPERATIONS

- Stocked inventory and field technicians serving the region since 1981
- Factory-trained service, repair & system optimization on all major brands
- Genuine OEM and premium replacement parts, fast turnaround

PLANT & FACILITY ENGINEERS

- Complete or-equal packages matched to your project drawings
- In-house fabrication of adapters, transitions, and mounting fit-up
- Early technical input and lunch-and-learns on pump & blower fundamentals

PLANT MANAGERS & SUPERINTENDENTS

- One regional partner across pumps, blowers, valves & instrumentation
- SWaM Certified: supports public procurement requirements
- Substitution guarantee available on qualified bids

We start with how your system actually operates, then match the equipment to it.

Easy to Work With. Focused on Your Success.

SERVING VIRGINIA, MARYLAND, DELAWARE AND NORTH CAROLINA SINCE 1981
